Building a Home is Personal.

"Glenn is incredibly honest, and builds high quality homes at a fair price. He is a wonderful person, and his service after the sale is incredible. We like doing business with someone who, now, has become our friend."

— Steve McElhanon

"From the first time I met Glenn with our Realtor, he was friendly and made me feel at home. He is proud of his work, and stands behind it. During the inspection process, the inspectors told us that Glenn takes extra steps, going beyond what code requires. He always puts his customers first, and if anything needs to be addressed, he is out here right away to take care of it. He is one of those builders who is in the business because he loves it, and it shows!"

— Jay Russ

"I'm a very hands-on builder. I love every step of building a home, from clearing the lot and laying the foundation to completing the final walk-through," he says. "Being a builder is who I am, not just what I do."

— Glenn Holloway
